

Vita Plus Internship - Summer 2016

The objectives of this internship is to introduce an undergraduate student to the activities of a dairy nutritionist and the feed industry.

Internship Overview

- This internship will include time with Vita Plus dairy consultants and technical support staff, dairy producers, and our feed production team.
- The student will be involved in research projects on dairy farms, and work alongside both office and field dairy staff on a variety of projects.
- The student will interact with staff and dairy customers at several events throughout the summer.

Internship Details

Location: This internship will be headquartered at the Vita Plus office in Madison, Wisconsin.

Travel: This position will require some travel, primarily within Wisconsin and potentially very limited travel within the Vita Plus market area (WI, MN, IA, IL, IN, MI, and OH). Some overnights may be required. The student is required to have access to a vehicle and a valid driver's license. All travel expenses are reimbursed.

Supervision: The intern will work closely with and under the direction of a number of staff members on assigned projects throughout the summer.

Compensation: \$13.00 per hour.

Internship Dates: It is expected that the student will start approximately June 1st and work until approximately August 14th. Exact starting and ending dates are at the student's discretion.

To apply please submit your resume and cover letter electronically by November 15, 2015:

Dr. Al Schultz, Vice President of Technical Services
