2021 BUCKEYE FRESH MINI MEAT CUTTING WORKSHOPS

Want to learn more about food animal processing? Ohio State University extension meat specialists are offering a two-day workshop to help the current labor force face challenges brought forth by the 2020 pandemic.

What To Expect: Participants will have a better understanding of anatomy, muscle myology, cutting guidelines, food safety, meat quality, the role of processed meat and government regulated non-meat ingredients (i.e. salt, phosphates, nitrates, etc.) finalized by conducting hands-on cutting tests to understand the impact of yields on profit margins.

Interested? Email:
Dr. Lyda G. Garcia, Extension Meat Specialist, 
garcia.625@osu.edu

WORKSHOP DATES
Workshops are Friday and Saturday
8 AM – 5 PM

Choose one of the following dates:
• March 26 & 27
