

2026 Internship

AgroChem USA invites passionate college students to our paid summer internship program in multiple regions across the US.

This is not just an internship; it's a gateway to exploring the dairy industry, gaining invaluable hands-on experience, and discovering potential career paths that align with your passion and skills.

What You Can Gain with an AgroChem Internship:

- **Practical Experience:** Work on real farms and engage with various team members, including milk quality specialists, hoof health experts, sales team members, and more! Gain a behind-the-scenes look at the industry's workings.
- **Milk Quality Insight:** Learn about managing and troubleshooting milk quality on farms.
- **Customizable Learning:** Focus on areas that interest you the most, from milk quality health to sales!
- **Networking & Mentorship:** Connect with industry professionals and mentors to support your career growth.

Send your questions or your resume to kelsey.leubner@agrochemusa.com

About AgroChem

AgroChem is dedicated to delivering innovative solutions that help dairy farmers produce high-quality milk with maximum efficiency, profitability, and sustainability. Our primary focus on the dairy industry allows us to provide products designed to meet changing world standards for milk quality, environmental safety, and animal welfare.
