

Intern – Scientific Medical Affairs-Product Monograph
Abbott Nutrition, OSU Research Park
Job ID Number: 400043

Who We Are:

At Abbott, we're committed to helping people live their best possible life through the power of health. For more than 125 years, we've brought new products and technologies to the world -- in nutrition, diagnostics, medical devices and branded generic pharmaceuticals -- that create more possibilities for more people at all stages of life. Today, 99,000 of us are working to help people live not just longer, but better, in the more than 150 countries we serve.

Position Summary:

We are seeking a student from The Ohio State University to primarily support Scientific Medical Affairs on a key project that reviews literature and guidelines on oral rehydration solutions. Results will include an internal product monograph for Abbott products

The Student Will Be Responsible For:

- Performing literature searches to critically appraise clinical evidence
- Writing and present findings in scientific reviews
- Communicating findings and progress to applicable project leader on a regular basis

What We Offer To Our Student Employees:

- Part-time employment with Abbott at OSU Science Park during academic year
- Minimum of 8-10 hr/week and maximum of 19 hr per week
- Competitive hourly wage commensurate with year in school
- Flexible work schedule Monday to Saturday with 24/7 keycard office access
- A workstation in a modern style office space
- Valuable experience in the global healthcare industry

Qualifications:

- Must be enrolled as a student at OSU
- Pursuing a degree in nutritional science, dietetics, food science, biology, or chemistry
- Graduate level student preferred, but advanced undergraduate may apply
- Experience in reviewing scientific literature required
- Proficient in Microsoft Office (MS Word, MS Excel, MS PowerPoint)
- Attention to detail, effective communicator, and excellent verbal/written English language skills
- Self-motivated problem-solver that can lead a project from beginning to end

Start Date/Duration: January 2022/ Spring Semester with potential to continue through summer.

Application Deadline: [March 1,2022]
