Child Care Access
Means Parents in School

WHAT IS CCAMPIS?

The Child Care Access Means Parents in School (CCAMPIS) Program authorized by the Higher Education Act and administered by the U.S. Department of Education, supports the participation of low-income parents in postsecondary education through the provision of quality licensed, nationally accredited campus or community childcare services for children six weeks to 12 years old. The Ohio State University CCAMPIS program was funded for the first time in 2018. We are excited to be able to contribute nearly \$1.4M to support the university's student parents and our partner centers.

HOW WILL THIS HELP YOU AND YOUR CHILD?

- Provides you with priority scheduling so you can schedule classes at the times needed allowing you to take care of classes and studying during the day so you can be a full-time parent when you go home.
- Provides your child with a quality educational experience from nationally-accredited programs
- Provides evening childcare from 6:00-10:00 p.m. Monday-Friday. Provides mentoring and coaching to support your academic goals.
- Provides referrals to connect you and your family to university and community resources and services.

WHO IS ELIGIBLE?

In order to be eligible for CCAMPIS funding you must:

- Be a Pell grant eligible full-time student
 - Determined by filing a FAFSA **PRIOR** to applying for the childcare stipend.
- Be a U.S. citizen or permanent resident.
- Be the parent of a child/children aged six weeks to 12 years old, with the child/children having been claimed as the dependent on your previous year's federal tax return. (If child was not old enough to have been claimed on last year's tax return, a copy of the birth certificate will suffice.)
