

The Infectious Diseases Student Community of Practice & Engagement

At the Battelle Center for Science, Engineering and Public Policy

In partnership with the Infectious Diseases Institute

SCOPE Highlights

- Weekly discussions to provide context of the issues and to collaborate with students from diverse disciplines
- Professional skills training
- Mentoring and coaching
- Faculty and student-led research
- Guest presenters from academia and the public and private sectors

Topics of inquiry

- Preparing for the era of antimicrobial resistance
- Predicting zoonotic disease spillover
- Public policy and legal aspects of infectious disease
- Vaccination and other approaches to pandemic preparedness
- Food safety and security

An interdisciplinary community open to undergraduate, graduate and professional students **from all disciplines and backgrounds**

Student Community of Practice

- Tuesdays from 6-7pm starting 10/16/18
- Page Hall: Room 240
- Snacks & networking
- Contact: shields.68@osu.edu
