

Summer Undergraduate Research in Genetics & Genomics

Obtain research experience in

GENETICS & GENOMICS

at Texas A&M University
and learn Bioinformatics!

10-week interdisciplinary program

- Bioinformatics and Genomics
- Conservation and Population Genetics
- Medical Genetics
- Microbial Genetics
- Molecular, Cellular, and Developmental Genetics
- Plant Genetics

Applications for Summer 2024 are OPEN NOW!!

Apply for free by February 15th @ <http://genetics.tamu.edu>

Call: 979-458-2284 Email: genesec@tamu.edu

Financial Support!

- \$5,500 stipend
- Housing
- Travel expenses
- Tuition/fees: 3 credits Bioinformatics class

Career Development!
