

Job Description – Veterinary Assistant

Location – South Charleston, Ohio

Reports to: Director of Veterinary Service

STgenetics Ohio Heifer Center is seeking a motivated individual to join our team as a veterinary assistant at our South Charleston, OH location located just 40 minutes from campus.

Full-time or part-time position is available with the ability to be flexible with school schedules. This position is ideal for an undergraduate student that is looking to get more advanced large animal veterinary experience. Ideal candidate is organized, self-directed, and dedicated to high quality large animal medicine.

Job duties include:

- Providing care for calves and heifers and reporting health and condition
- Supporting doctors and veterinary technicians in daily treatments, maintaining medical records, and animal restraint
- Assisting veterinary team with routine testing, preparing surgical instruments, and understanding sterile procedures
- Assisting with barn chores and management of facilities and equipment

Education/Qualifications

- High School Diploma
- Committed interest in large animal medicine, preferably pre-vet
- Strong organization and communication skills
- Must be able to consistently lift 50+ pounds
- Proficiency with Microsoft Office and the ability to learn and thrive on new programs

Interested candidates should send their resume with references to Dr. Randy Bond at randall.bond@stgen.com
