

Are you Looking for a Dairy Summer Internship for 2021?

Pleasant Valley Farms of Berkshire, VT is a progressive large dairy farm utilizing multiple locations to manage the different life stages of our cattle. We are looking to host interns who are driven, goal oriented, passionate about agriculture and the dairy industry, and exemplify a strong work ethic. Internships are paid and housing is available. During your stay you will follow a rotational schedule allowing experience in all different aspects of dairying. These may include but are not limited to; Maternity and Fresh Cow Care, Herd Health, Parlor Management, Vaccinations, Breeding, Sick Cow Treatment and Prevention, Record Keeping, Young Stock Management, and Calf Care. At Pleasant Valley Farms we record our information in Dairy Comp 305. Interns will work closely with our Herd Managers throughout their stay. Internships are about gaining experience and we will work closely with you to develop your skills and to allow you to grow in areas of your own personal interest. Limited internship spots available.

If you are interested in applying for our internship program please submit your resume and a cover letter explaining your specific areas of interest to: terrellpvfoffice@yahoo.com

***Please note if you applied last year to our internship program you will need to resubmit your application. ***

You will be contacted regarding your application and a phone interview will be set up. Please Feel free to email any questions you may have.

Thank you,
The St. Pierre Family
